### TO GATHER CLOTHES FOR BELGIAN RELIEF

**Brainerd Chapter of Red Cross has Appointed Rev. E. G. Carlson Chairman of Committee**

**Committeemen from the Different Wards, Announcements to be Made in the Schools for Assistance**

Instructions from Red Cross headquarters have been received to gather cast-off clothing for the use of the people in Belgium. This should be taken up at once by Brainerd people. The Brainerd Chapter, A. R. C., has appointed Rev. E. G. Carlson as chairman, he to name his committee to solicit this clothing. The following members are appointed in the different wards:

S. E. Brainerd—K. S. Bredenberg and Andrew Anderson; 5th and 1st wards, Mrs. W. F. Dieckhaus and Mrs. Jack McKay; 2nd ward, Mrs. W. C. Cobb and Mrs. R. A. Baiser; N. E. Brainerd, Wm. Mattison and Mrs. W. C. Rasch.

An announcement will be made in the schools on Monday instructing the children to bring this clothing to the schools to later be collected. Articles of clothing are needed for men, women and children.

An earnest appeal has come from the relief work that the Belgians are in need of clothing and that each one will feel that he should do what ever he can to help them.

### Still Believe the Enemy May Try Surprises

BY ED L. KEEN,  
(United Press Staff Correspondent.)

London, March 23.—Lack of German innovations in the offensive operations renders the British extremely cautious and they still believe the enemy may try a surprise. It is probable they will attack to the north, on Dunkirk and Calais, when the British forces are diverted against the present center in the Cambrai section. The German advances are being made foot by foot at a cost infinitely higher than the advance is worth, unless the Germans break through.

Col. Repington, military expert, warns against the possibility of the Germans using their fleet in conjunction with the land offensive.

Note.—The reference of Keene to the lack of innovation apparently means that the failure of the Germans to use tanks and the new poison gas they were reported as having ready.

### French Forces Are Now Engaged Dispatch Says

(By United Press)

London, March 23.—French forces to the right of the British lines are now engaged, dispatches from the front say. The slaughter at Roisel-tin Court is appalling, every available gun being concentrated against the solid masses of the enemy.

### Germans Break Thru British Defensive West of St. Quentin

(By United Press)

London, March 23.—The Germans have broken through the British defensive system west of St. Quentin, according to a report from Field Marshal Haig. "The British are falling back in good order to previously prepared positions. Heavy fighting continued on all fronts until late yesterday. On the northern positions of the battle field we held the positions."

### Americans Repeat Successful Raid on German Trenches

(By United Press)

With Americans in the Field, March 23.—The Americans repeated the raid on the German trenches Wednesday night, their artillery fire smashing the trenches during the night and in the morning came the successful raid.

#### SCOTT NEARING

Indicted on charge of violating espionage act.

Prof. Scott Nearing, formerly of the University of Pennsylvania and of Toledo University, has been indicted by the federal grand jury on the charge of violating the espionage act. Nearing entered a tentative plea of not guilty in appearing before Federal Judge Mayer later in the day. He was paroled in the custody of his counsel after furnishing \$5,000 bail.

London, March 23.—Secretary Baker has arrived in London, and was met by Ambassador Page.

#### OFFICIAL ESTIMATES PLACE CASUALTIES OVER 200,000 IN TWO DAYS

(By United Press)

Washington, March 23.—It is officially estimated that 200,000 men have been killed, wounded or captured in the two days fighting, and of these it is officially estimated that the Germans lost 150,000.

#### CROWN PRINCE CLAIMS THE CAPTURE OF 25,000 PRISONERS, MANY GUNS

Berlin, March 23.—An official bulletin says that Crown Prince Rupprecht's forces captured 25,000 prisoners, 400 cannon and 300 machine guns.

### Hard Fighting is Reported on British Front

(By United Press)

With the British Armies in the Field, March 23.—Hard fighting is reported on the British front in various places. At Bullecourt, Roussay, Vaulx-la-Petite farm and Lagencourt the artillery was very hot. (These points are all within previous British lines and apparently indicates little progress by the Germans at the places named.)

#### J. ADAM BEDE

Says crippling of Minnesota iron industry would lose war.

Germany would win the war if it could cripple the iron mining industry in Minnesota, J. Adam Bede said in an address at the joint annual meeting of the Minneapolis and St. Paul Association of Office Men in Minneapolis. The United States must get 5,000,000 men on the firing line in Europe within the next three or four years, he said. If Germany won Canada, the Kaiser's soldiers would swoop down on St. Louis county, Minn., and forever control the iron and steel industry of the world, the speaker declared.

#### To Be Remembered.

Frugality is good, if liberality be joined with it. The first is leaving off superfluous expenses; the last bestowing them to the benefit of others that need. The first without the last begins covetousness; the last without the first begins prodigality; both together make an excellent temper.—William Penn.

### German Forces Winter Months Assembled Men and Munitions

BY HENRY WOOD,

(Staff Correspondent, United Press)

March 23.—Throughout the winter months when the Germans were concentrating their forces on the west front and assembling artillery, men and munitions for the offensive the French aviators kept up an unceasing reconnaissance on every step they took and bombed the German communication lines to such an extent that the date of attack was seriously delayed. From December 1 to February 15, a period of 77 days, the French made 22,518 flights, the French bringing down 194 German machines only 28 of which fell within the French lines. During the same period the Germans downed only 38 French machines. The French aviators took 21,328 photographs of the German preparations and dropped 200 tons of explosives upon the German depots.

### Rose Paster Stokes is Arrested Charged Violating Espionage

(By United Press)

Willow Springs, Mo., March 23.—Rose Paster Stokes, New York socialist lecturer, wife of William Phelps Stokes, has been arrested charged with violation of the espionage act. The complaint says that she wrote a denial to the Kansas City Star that she had said "every citizen should support the United States." Her letter to the Star read: "I believe no such thing and said no such thing. No government for profiteers can also be for the people."

The meeting held Friday evening at the Chamber of Commerce rooms was not only an interesting one from an educational standpoint, but it resulted in the formation of an association which has for its purpose the increasing and improving of poultry production and marketing conditions in the county. George W. Hackett of the U. S. Department of Agriculture proved to be a man who knew his job and showed that he not only had the proper theory in regard to the hen but had combined with it a great deal of practical experience.

He stated that \$700,000,000 worth of garbage had gone to waste in the United States this past year and that the Department of Agriculture was proposing to prevent this in part at least by advocating back yard poultry lots. The poultry industry in the U. S. now amounts to at least a billion dollars a year, and that by increasing production one egg per hen a year it would mean \$400,000 in Minnesota alone.

He advocated the raising of early chicks so that the pullets would begin laying eggs before cold weather set in, in the fall. If chicks were hatched too late they would not begin laying eggs before the following spring.

Mr. Hanson, of Barnum, Minn., had found the raising of poultry profitable in spite of the high cost of feed. Last December he fed 250 hens at a cost of \$70 and realized \$129.46. In January the feed cost \$57.03 and the returns were \$155.38. In February \$53.16 for feed and the returns were \$139.48. An electric light was used in the chicken house so as to make the hen work more than eight hours a day.

Following the address the organization of the local association which is to include the whole county took place. Samuel Hawkins was elected president, Louis Roth vice president and O. J. Bowman secretary-treasurer.

E. A. Colquhoun, county agent, W. E. Jones, high school agriculturist, and Ed Gruenhagen were appointed as a committee to revise and submit a constitution and by-laws for approval at the next meeting. Fred Gruenhagen presided at the meeting and it is the intention to have the agricultural committee of the Chamber of Commerce and the Farm Bureau cooperate with the association particularly in regard to the exhibit that will be held next fall.

FALL RYE FOR  
SPRING PLANTING

Several farmers have been asking  
whether or not it is possible to seed  
fall rye in the spring and mature a  
crop the same season. A letter to C.  
P. Bull, secretary of the Minnesota  
Crop Improvement Association in re-  
gard to this has been answered as  
follows:

"I have your letter in regard to  
the seeding of fall rye for spring  
seeding and with the possibility of  
raising a grain crop. The chances  
are about 99 to 1 that they would  
not get a crop of grain if seeding fall  
rye this spring.

"There is practically no spring rye  
to be had in this state.

"Fall rye seeded in the spring  
makes most excellent early pasture.  
If the farmers want to use it for this  
purpose there is nothing better.

"Our experience with spring rye is  
not such that we care to recommend  
it very strongly."

## At the Best Today

The extremely interesting an-  
nouncement is made that today the  
new William Fox production, "Cup-  
id's Roundup," will be presented at  
the Best theatre.

The hero of this play, Tom Mix, is  
the new William Fox star, who is  
one of the great favorites of the  
screen. At the head of a fine com-  
pany and with a brilliant red blood-  
ed drama, one cannot imagine any-  
thing so likely to give good enter-  
tainment.

The play itself is by George Scar-  
borough, the author of many great  
Broadway successes. It is a vivid  
story of western life with a thrilling  
love theme and filled with stirring  
incidents. It is likely to be one of  
the features of the season at this  
house.

IF BACKACHE OR  
KIDNEYS BOTHER

Eat less meat and take a glass of  
Salts to flush out Kidneys—  
Drink plenty water.

Uric acid in meat excites the kidneys,  
they become overworked, get sluggish,  
ache, and feel like lumps or lead. The  
urine becomes cloudy; the bladder is irri-  
tated, and you may be obliged to seek re-  
lief two or three times during the night.  
When the kidneys clog you must help  
them flush out the body's urinous waste  
or you'll be a real sick person shortly.  
At first you feel a dull misery in the  
loin region, you suffer from backache,  
sick headache, dizziness, stomach gets  
sour, tongue coated and you feel rheu-  
matic twinges when the weather is bad.

Eat less meat, drink lots of water;  
also get from any pharmacist four ounces  
of Jad Salts; take a tablespoonful  
in a glass of water before breakfast  
for a few days and your kidneys will  
then act fine. This famous salt is made  
from the acid of grapes and lemon juice,  
combined with lithia, and has been used  
for generations to clean clogged kidneys  
and stimulate them to normal activity,  
also to neutralize the acids in urine, so  
it no longer is a source of irritation,  
thus ending bladder weakness.

Jad Salts is inexpensive, cannot in-  
jure, makes a delightful effervescent  
lithia-water drink which everyone should  
take now and then to keep the kidneys  
clean and active. Druggists here say  
they sell lots of Jad Salts to folks who  
believe in overcoming kidney trouble  
while it is only trouble.

## Children Like It

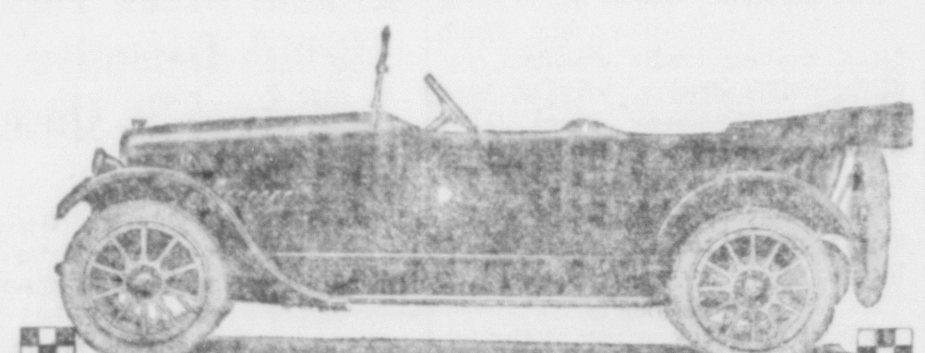

"You know it is not an easy matter to

The great popularity of Chamberlain's Cough Remedy is ex-  
plained by the fact that it contains no opium or narcotic of any  
kind, and at the same time is so pleasant and agreeable to the

By carrying it on the person,  
where it is liable to loss, theft or  
impulsive spending.

By concealing it in insecure places where it may decay, or fall  
into the hands of thieves.

By loaning it to people who don't repay.

By investing it in enterprises which have insufficient capital or  
poor management.

By speculating—a game few know how to play, and in which the  
best posted often lose their all.

By investing it in "get-rich-quick" enterprises, such as mining  
and oil propositions, wireless telegraph and lake railroad ventures,  
remote land schemes, real estate at boom prices, and countless  
other "investments" offering too large returns for safety.

The person who carries a checking account with

## PERUNA in Your Home

A housewife must give the first aid in colds, coughs and other ailments. Her promptness in applying the remedy often saves a serious illness. Her experience with remedies has led her to know that PERUNA is always reliable, that she should have it on hand for the immediate treatment of coughs and colds, and that it is always to her.

## The Family Safeguard

The experience of one woman, given herewith, is typical of thousands of letters that reach the Peruna Company from grateful friends who have found their homes incomplete, and their family safety in danger without PERUNA.

### Colds and Catarrh

The great weight of testimony that has accumulated in the 44 years that PERUNA has been on the market proves it beyond question, to be the reliable family remedy, ever ready to take, preventing the serious effects of colds, coughs, grip and derangements of the digestive organs. This proof is published from time to time and many families have profited by it.

Remember you can obtain PERUNA in tablet form for your convenience. Carry it with you and be fortified against sudden attacks.

## WOMAN'S REALM

### "PINAFORE" IN BRAINERD SOON

Range People to Take Part in Gilbert & Sullivan Opera at Brainerd on April 19

#### MISS SHARPLESS ROLE

Takes the Part of "Josephine," Has Had a Musical Education Fitting Her for Same

"Pinafore," the Gilbert and Sullivan opera, will be presented in Brainerd at the Park opera house on Friday evening, April 19.

Undoubtedly the opera will be one of the biggest musical treats of many seasons and it has all the essentials of making it a great go. Range people will appear in cast and chorus.

Miss Margaret Sharpless.

Miss Margaret Sharpless appears in H. M. S. Pinafore as Josephine. Miss Sharpless is widely known on the opera range and surrounding towns where she has appeared at concerts, before clubs and other organizations. Previous to her coming on the range she studied music at Macalester College Conservatory of Music and also graduated from the music department of the Thomas Normal Training School at Detroit, Mich.

Her majesty's ship "Pinafore" has a noble captain, and to do justice to this sea-faring gentleman would mean a story in itself. However, he has a charming daughter who has just passed her eighteenth birthday and lives in that period of blushing youth when thoughts of falling in love with some gallant and brave sailor occupy much of her time, and it is around this daughter Josephine that the story is daintily woven.

Much time does not elapse before one of the crew, a seemingly fit fellow, communicates his serious condition of being in love with the captain's daughter, whom all well know to be much above his station in life. The lad proves too much for Josephine who herself declares her affection for the sailor, much to the dismay of the captain, who finally threatens to throw the lowly sailor in the dungeon. It is at this point that the climax of the situation is reached and strange discoveries are made concerning the birth of the sailor.

Josephine sings with a feeling for beauty and meaning which at times seems to be instinctive, then at other intervals rogers and humor characterizes her feeling, making the whole effect one of spontaneity and mingled joy.

ACT QUICKLY

Do the right thing at the right time.

Act quickly in time to danger. In time of kidney danger, Doan's Kidney Pills are most effective. Plenty of Brainerd evidence of their worth.

Mrs. R. M. Bond, 511 Norwood St., Brainerd, says: "Two years ago I had a serious attack of kidney trouble and was down for over a year. The doctor I had thought I had Bright's disease in the first stage. 'My feet and ankles swelled and it was impossible to wear my shoes and I had to go about with large size carpet slippers. I would get blinding dizzy spells and black spots appeared before my eyes. I had severe pains in the top and back of my head and a dull, heavy pain through my back and hips, and under the shoulder blades. I was finally advised to try Doan's Kidney Pills and was more than surprised how quickly I got relief. After using six boxes of Doan's I was cured and have never been bothered since.' #### At the Best Sunday

"The Fettered Woman," the Great-er Vitagraph Blue Ribbon Feature, which will be the attraction at the Best theatre Sunday, tells the story of the college girl whose life is wrecked by the plotting of unscrupulous real estate agents who seek to rob her of her inheritance. To clear

themselves they have her sent to prison on perjured testimony, and she returns to her native village of Anne's Bridge a branded woman, shunned by all her former friends. It is a fascinating picture adopted from the novel "Anne's Bridge" by Robert W. Chambers. Alice Joyce, Vitagraph's versatile star, has the leading role and is supported by Webster Campbell, Donald McBride, Lionel Grey and Templar Saxe.

#### Tree Lore.

The reason most trees lean toward the northwest, says an old tree trimmer, is because in the summer our prevailing winds are from the southeast; the ground then is soft and the trees being in full leaf, the wind tilts them toward the northwest. In the winter the northern winds do not have this effect on the trees because they are denuded of leaves and the ground is frozen or hard.

Relieves sore throat, bronchitis, tonsillitis, croup, stiff neck, asthma, neuralgia, headache, congestion, pleurisy, rheumatism, lumbago, pains and aches of back or joints, sprains, sore muscles, chilblains, frosted feet and colds of the chest (it often prevents pneumonia).

30c and 60c jars; hospital size \$2.50.

## GERMAN ATTACK REACHES YANKS

Violent Gunfire of Enemy Extends to Sectors Occupied by American Troops.

## MAJOR DRIVE EXPECTED

May Come At One Of Sectors Included In Foe Bombardment—Too Early To Speculate on Enemy's Intentions.

Paris, March 23.—New sectors, including that north of Chemin Des Dames are included in the violent German gunfire that has been directed on certain parts of the French front ever since the offensive against the British line began.

Along this "Ladies Road" American troops were officially reported to be holding front line trenches.

Extension of the German cannonading to the region north of this sector and other parts of the French front was announced by the last official communiqué. It is too early to speculate upon German intentions on the French front.

A major attack has been looked for for several days at Verdun, Rheims or the Champagne. It may come at one of the sectors included in the Teuton bombardment.

Foe Artillery Violent.  
 The Paris war office has issued the following communiqué:

"Artillery activity began early this morning and grew violent this afternoon at various points to the north of the Chemin Des Dames, in the region of Courcy as well as in the Champagne to the south of Moronvillers Heights.

"Three attacks were launched by the enemy to the north of Souain and east of Teton. They broke down.

"Two German airplanes were destroyed and four others seriously damaged in a series of combats with our escadrilles. Three enemy machines were shot down by our special cannon."

Germans Start Italian Drive.  
 Washington, March 23.—A new Austro-German attack on the Italian Piedmont is developing, according to advices received here.

It is thrusting down west of Lake Garda, a sector of the line hitherto quiet. Italians here were plainly worried as to results. The drive menaces Brescia, Brescia, the railroad center at the head of Piedmont plains, dominates Milan and the whole Piedmont. The Italians, it is understood here, have suggested the advisability of British or French reinforcements for this point if they can be spared from the French front.

## EASTER PLEA MADE BY POPE

Peace Message Sent to United States Based on Love.

Rome, March 23.—A plea for lasting peace is made by Pope Benedict in his Easter message to the United States, which he sends through the Associated Press. The holy father's message says:

"The first message of the risen Savior and His disciples, after suffering the torture of passion week, was 'Peace be unto you.' Never has the world for which He sacrificed Himself needed so poignantly that message of peace as today.

"On this solemn occasion no better wish can be made to the country so dear to our hearts than that the Divine Redeemer may grant a realization of the desire of all, a healing of the existing hatred and concluding of a lasting peace based on the foundations of justice, fear of God and love of humanity, giving to the world a new organization of peoples and nations, united under theegis of true religion in aspiring to a nobler, purer and kinder civilization.

"It is thus we desire to fulfill our Master's last injunction to His apostles: 'Go ye into all the world and preach the gospel to every creature.'"

## SEEKS U. S.-HOLLAND BREAK

Dutch Official to Ask Rupture Dispatch from The Hague Says.

Amsterdam, March 23.—A dispatch from The Hague to the Handelsblad says one of the most prominent members of parliament intends to ask the government whether it is not time to recall the Dutch minister at Washington and hand passports to the American minister at The Hague.

Two Spanish Ships Sunk.  
 Washington, March 23.—Sinking of the Spanish vessels Arpillae and Beza by German submarines, is reported in official dispatches from Barcelona. The Beza was attacked while on its way to Piraeus. The Arpillae was sunk off the Canary islands.

5,000 More Men For Camp Dodge.  
 Camp Dodge, March 23.—Camp Dodge is preparing to receive at least 5,000 new men beginning March 29, including about 2,500 from North Dakota, the last of the North Dakota increment under the first draft; 500 from Illinois, and 1,900 negroes from Alabama. Whether more men will come at that time is not known, but additional increments are expected in Camp Dodge during April to raise the division to war strength. Versatility of the 88th division will be demonstrated in a vaudeville exhibition soon.

## U. S. WRECKS FOE LINES

First and Second Positions Completely Destroyed.

Artillery Fire Effective — Raiders Cross No Man's Land Without Losses.

With the American Army in France, March 23.—American artillery fire has completely destroyed enemy first and second positions on a part of the sector east of Lunerville.

A patrol without assistance from the artillery crossed No Man's Land and found the first and second lines had been wiped out.

The patrol also obtained additional information and returned without casualties, the Germans apparently having decided not to molest them.

## Follow Perfect Barrage.

The troops participating in the raid had withstood the hardest artillery bombardment of any Americans in the west front lines. They swept forward behind a perfect barrage, passing the first line of German trenches and entering the second. As in several previous raids, it was discovered the enemy had found their positions untenable and had withdrawn. The German wire entanglements, trenches and dugouts were completely shattered. Spectacular artillerying followed a night raid by the Americans and French.

Volunteers were called for and even cooks and teamsters asked to go. The raiders waited coolly in the trenches, while their artillery roared its overture. They they went over the top and demolished deserted enemy trenches.

## U. S. BUYS RUSSIAN SHIPS

Admiral Knight Purchases All Coast Vessels From Slavs.

London, March 23.—A dispatch to the Daily Mail from Tokio, says:

"The newspaper Kokumin Shimbu announces that Admiral Austin M. Knight, commander of the United States Asiatic fleet, has purchased all the shipping on the Russian coast. This totals 650,000 tons. Admiral Knight is now at Vladivostok.

## President Has Bronchial Cold.

Washington, March 23.—President Wilson developed an acute bronchial cold, while playing golf, which necessitated calling off the usual cabinet meeting. Several callers were received at the executive mansion, but Dr. Grayson prevailed against the cabinet meeting on the ground that the President might use his voice more than was advisable.

## Agree to The Sale of Foe Property.

Washington, March 23.—Legislative riders to the urgent deficiency appropriation bill authorizing the sale of enemy property and acquisition by the government of German owned ship terminals at Hoboken, N. J., have been accepted by the house conferees, completing agreement on the bill between representatives of the two houses.

## Officers Taken In Raid.

Baltimore, March 23.—Three army officers, including the son of Secretary of Labor William B. Wilson, three well known Baltimoreans and a well dressed woman were arrested in a raid on a house where, it is alleged, a "craps" game for high stakes was in progress. The officers are Lieutenant Alfred Thorp, Easton, Md., Lieutenant Joseph B. Wilson, and Lieutenant Charles Fladream, both of Washington, and Philip P. Kelly, Royal Gill and James Saewart Cottman. The woman is Hazel Crockett.

Building-up for the Spring Attack at the front is a good deal like putting the body in condition for an invasion of the germs of grip, pneumonia or "Spring fever" here at home.

At this time of the year most people suffer from a condition often called Spring Fever. They feel tired, worn out, before the day is half thru. They may have frequent headaches and sometimes "pimply" or pale skin and white lips. The reason for this is that during the wintertime, shut up within doors, eating too much meat and too little green vegetables, one heaps fuel into the system which is not burned up and the clinkers remain to poison the system—a clogging up of the circulation—with inactive liver and kidneys. Time to put your house in order.

For an invigorating tonic which will clarify the blood, put new life in the body, sparkle to the eyes, and a wholesome skin, nothing does so well as a glyceric herb extract made from Golden Seal root, Blood and Stone root, Oregon grape root and Wild Cherry bark. This can be had in convenient, ready-to-use tablet form at all drug stores, sixty cents, and has been sold for the past fifty years as Dr. Pierce's Golden Medical Discovery. By reason of the nerves feeding on the blood, when the blood is pure the nerves feel the effect, and neuralgia or other nerve pains disappear because such pain is the cry of the starved nerves for food. When suffering from backache, frequent or scanty urine, rheumatic pains here or there, or that constant tired feeling, the simple way to overcome these disorders is merely to obtain Dr. Pierce's Anuric from your druggist. In tablets, sixty cents.

# Would You Like to Be Out of Debt?

Is Your Answer Yes? Then Read This Whole Story. It Will Show You How We Have Helped Hundreds Of Brainerd Men--We Can Help You

We want to get our plan before the public. The best way to do it is to show you a true example of how it works. Mr. John Redding, one of our oldest citizens, an employee of the N. P. shops, gave his consent to the publication of his contract with us for he says he is proud to let the people know that he is trying to square himself with the world. You will see that it will take Mr. Redding some time to pay his debts, but his creditors are satisfied and they are the only ones concerned. Your creditors will be glad to make the same deal with you if you will give him a chance.

## OUR MOTTO--"Live and Let Live." Avoid Garnishments, Law Suits and All Costs and Trouble Made in Enforcing Collections

Sign up with us and be free from collectors and law suits. The terms of this contract will be suspended if you are sick or out of employment. The trouble with the average man in debt is, that he can not spare but five or ten dollars per month on his old debts, and, as he owes ten or fifteen different stores he has not enough money to go around. He is ashamed to offer a creditor fifty cents or a dollar. He is afraid if he pays one man ten dollars the other creditors will be angry about it so he becomes discouraged and does not try to pay anyone. By adopting our plan every creditor receives his share of what you pay us and is satisfied.

Come to the Office of the Brainerd Business Men's Ass'n., Opsahl Bldg. And talk your troubles over with the secretary and he will surely be able to help you as he has others

## Mr. Redding's Contract is a Sample of Many Others

Brainerd, Minn., Dec. 27, 1916

In consideration of John Redding of Brainerd, Minn., hereinafter called debtor, paying to A. L. Hoffman, Secretary of the Brainerd Business Men's Association hereinafter called Trustee, \$5.00 on the 30th and 15th of each month hereafter, commencing Dec. 30, 1916, the undersigned creditors of said debtor hereby transfer, sell and assign to said trustee all their title and interest in and to all claims and demands that they may now have against said debtor, and further agree not to prosecute any action or proceeding of any kind against said debtor for said claims or demands.

The undersigned each further agree that the amounts given opposite their names are the stated amounts of said account and claims. Said trustee agrees with said debtor and the undersigned creditors to apply pro-rata the money as above set forth on the claims and demands of each of said creditors. All parties hereto agree that no interest is to be charged said debtor on the said claims and demands after date of this contract or unless said contract is annulled by default of said debtor, excepting on notes herein.

Said debtor agrees to pay said trustee, \$5.00 on the 15th and 30th of each month hereafter, commencing December 30th, 1916, until all of said claims and demands are paid in full. It is further agreed that in case of default by said debtor of any of the covenants of this agreement, that then this agreement may be terminated by said trustee and said trustee may transfer to each of the undersigned creditors their claims and demands against said debtor.

## ALBERT ANGEL DIED AT NOON

Prominent Brainerd Merchant Operated on Friday Night and Did Not Rally From Shock

RESIDED HERE SINCE 1882

First Sailor of Merchant Vessel, Then Machinist, Grocer and Merchant—Active Church Worker

Albert Angel, age 56, of 424 South Seventh street, a prominent merchant and resident of Brainerd since 1882, passed away close to the noon hour Saturday at a local hospital, where he had failed to rally from an operation performed Friday night. He had been very sick several days from heart trouble and other complications.

Mr. Angel was widely known through his church work and his activity in the cause of temperance. He aided materially in the revival campaigns carried on in tabernacles here. To the First Baptist church he gave years of service and aided substantially in the construction of the present church. He was a candidate for mayor in 1906, his opponents being A. J. Halsted and A. Ousdahl.

He was born in England, first sailed on a merchant vessel, then came to Brainerd in 1882 where he first worked at the machinist trade. He entered the grocery business in 1885. On October 8, 1886, he was married to Miss Margery Hedden of Verrdale.

He leaves a wife, two daughters, Mrs. O. C. Temple of LaMoure, N. D., who is sick at a local hospital, and Miss Ethel Angel, a teacher in the Oakes, N. D., schools; one son, Kent Angel of Brainerd, and a niece, Miss Valentine Hayes of Minneapolis. A brother and sister, Mrs. Arthur Childs live in England.

Mrs. Angel is almost overcome by the shock. Miss Ethel Angel was wired and arrived home today. Other relatives have been notified. No funeral announcement could be given out at this time.

To the sorrowing family is extended the deep sympathy of the community.

## BRAINERD BOYS THANK RED CROSS

Co. O, 4th Bn., 162d Depot Brigade, Camp Dodge, Iowa, March 6, 1918.

Mrs. J. A. Thabes, Chairman, Brainerd Chapter Am. Red Cross.

Dear Mrs. Thabes—I am taking the liberty of thanking the Red Cross in behalf of the Crow Wing county contingent for the elaborate send-off that was given us; and it would have done your hearts good to have heard the exclamations of delight given by the boys while taking inventory of their comfort kits. You may rest assured that the work of the Red Cross is very much appreciated by the boys at the camp.

Sincerely yours,  
S. V. ENGLISH.

## MARY J. ARMSTRONG DIED

Mother of Mrs. T. E. Welsh Passed Away in Local Hospital Friday Night

Mrs. Mary J. Armstrong, widow, aged 70, died Friday night at a local hospital, following complications due to old age. She had been sick two years.

She leaves a son, J. E. Stewart of St. Mathias and daughter, Mrs. T. E. Welsh. Two brothers and a sister live in Illinois. She was a member of the Methodist church from early childhood.

The funeral will be held Monday morning at 10:30 o'clock from the residence of Mr. and Mrs. T. E. Welsh, 523 South Ninth street, Rev. F. W. Hill of the First Methodist church officiating.

## MONTHLY PELDGES NOW TOTAL \$777.48

Goal of \$1200 a Month for Support of Local Red Cross Will be Eventually Attained

## SATISFACTORY SHOWING SO FAR

Exhibit of all Articles Made by the Workers of Brainerd Chapter to be Held April 5-6

Monthly pledges to the Brainerd Chapter, American Red Cross, aggregate \$774.48 Friday evening, with an additional sum of approximately \$75 pledged but not paid in, according to the report made to the Red Cross directors by George D. LaBar, treasurer of this fund. This was considered a very satisfactory showing by Brainerd people and forecasts the success of the committee of which O. A. Peterson is chairman, in reaching the goal of \$1200 monthly required to conduct the work of the local chapter.

An exhibit of all articles made by workers of the Brainerd Chapter and the Junior Red Cross will be shown on April 5 and 6 at the Koop building both afternoon and evening and the public is urged to visit the rooms and to see for themselves just what is being done with the monies paid into the Red Cross Chapter.

## Collection of Pledges.

The collection of monthly pledges to the Red Cross is bound to entail much work and a special committee composed of Chairman O. A. Peterson, Geo. D. LaBar and Fred T. Lincoln has been named to outline a plan for the same.

The donors can greatly assist in this work by paying their pledges promptly and so far as possible, in advance. Payments should be made to the treasurer, Geo. D. LaBar, or to the authorized collectors until a plan is worked out and published.

# Music

## a war-time necessity

Imagine, if you can, a nation going into war without the thrill of music! Imagine, if you can, a nation battling through the dark days of a prolonged struggle without the heartening comfort of music!

The Victrola is literally the nation's chief source of music. More Americans—and Americans in the making—have learned "The Star Spangled Banner" from the Victrola than from any other one source.

# Victrola

The Victrola is in millions of homes. It is in camp, on shipboard, in the trenches, the hospitals, the schools, and the churches. It is one of the greatest—if not the greatest—means of diversion.

Let us put a Victrola in your home

You'll hardly miss the outlay in convenient payments, but you **are** missing the influence of the world's best music every day you are without a Victrola. Victrolas and Victorolas \$10 to \$400.

GERMANS FAIL IN FIRST STAGE OF GREAT DRIVE

Unable to Gain to Single Objective—British Line Intact Tho Bent Slightly.

FOE LOSSES TERRIFIC

Teutons Advancing in Masses Are Withered by Metallic Hail—Allies Counterattack With Tanks—Violence of Attack Subsides.

London, March 23.—According to the British official communication along most all the battle-fronts the Germans have continued their attacks in great strength. At several points the enemy made gains against the British but at others he was repulsed in counter attacks. The statement says the British losses inevitably have been considerable, but out of proportion to the magnitude of the battle. The enemy's losses continue very heavy, all his advances being made at great sacrifices.

With the British Armies in France, March 23.—The latest reports indicate that British troops are holding the Germans everywhere and are driving them back in places. The enemy has not reached a single one of his objectives, which, according to a captured map, included Hermies, Archie-Le-Petit and Boiry-St. Martin. British counter-attacks with tanks have thrown the Germans out of Doignies, which the British still occupied. The Germans have not used tanks on this front so far.

The first stage of the great German offensive on the western front has passed and it is to be scored as a German failure, the enemy having fallen short of realizing his aims in the first great smash, according to dispatches from British headquarters. German Assault Slackens. After attacking all day the Germans let down in their smashing operation along 50 miles of the British front and had not resumed their heavy assaults at the latest advices from Sir Douglas Haig. Further hard fighting was ahead, however, the field marshal predicted. The enemy was still being held in the British battle positions, he reported, which means that the British line is still intact, although admittedly it has been bent backward at points under the terrific Teutonic assault.

Strike Back Spiritually. The battleline has not moved in only one direction, however, the British having struck back spiritedly at the German masses and regained some positions which they had temporarily abandoned. The German official statement reports that the British positions were attacked from a point southeast of Arras to LaFere, the British first lines being captured. The dispatches from British headquarters purposely omit giving the exact position of the British line at present for the stated reason that the enemy might be given valuable information if the line were accurately traced.

Teuton Allies Help. While the infantry is being held temporarily in check, the artillery battle is still raging. Great numbers of Austrian cannon are declared to have been transferred to the western front to reinforce the German artillery. Bulgarians too have been brought into the field by the German command, it is declared, the understanding being that they are to be used as a strategic reserve.

Fire Withers Massed Foes. Altogether the indications are that the Central powers have massed all possible forces at their disposal on the west front for their present drive. The prospects seem, however, that they will need every man of them if they keep up their attack long with anything like its initial force as all the reports indicate that the German losses have been terrific under the withering fire of the British artillery and machine guns. The German artillery too has suffered heavily through counter battery work by the British who found the massed guns fine targets for effective destructive work.

Leaders Behind Lines. The German war triumvirate, Emperor William, Field Marshal Von Hindenburg and General Von Ludendorff are reported behind the German lines, while the attack is in progress.

Editor's Handwriting Identified. Philadelphia, March 23.—The most damaging testimony thus far against Louis Werner, editor in chief of the Philadelphia Tageblatt, and his associate, Dr. Martin Darkow, on trial for treason, was given by a handwriting expert. Several exhibits were offered in the shape of alleged treasonable editorials and dispatches which the government contends were "manufactured" in the "wireless newspaper office" by Werner and Darkow. Webster A. Melcher identified the handwriting.

A Nut-Made Spread for Bread

Made From Cocoanuts at the Price of ANIMAL FAT-MADE Oleomargarine

This is to users of oleomargarine. Also to butter users who rebel at butter's cost. Some Old-World scientists have solved the problem of making a spread for bread out of cocoanuts. Think of that. It is made entirely from that delicious nut-meat which you use in shredded form on cake.

It is churned with milk to give it flavor. A capsule of color comes in every carton. But this vegetable fat all comes from Tropic cocoanuts.

The Name Is Troco

This product is called Troco. It is made in Milwaukee by the Troco Nut Butter Company, in a model modern plant.

We use the identical process which is used in Europe, where this new delicacy was created.

Any grocer will supply it to you under this guarantee:

"If one pound of Troco fails to prove itself the best article you ever tasted we will gladly return your money."

Made from Cocoanuts

The usual oleomargarine is made, as you know, from beef fat, hog fat and often cotton seed oil. It is churned with milk, as Troco is, to give it flavor.

It is a cleanly, healthful product. But lard and oleo and cotton seed oil seem uninviting spreads.

But Troco comes from the white meat of the coconut. No food in the world is more appealing.

Greater Economy

You get no lard, no oleo in it. You get no cotton seed oil. You get nothing but the fat of the coconut, churned with milk and salted. No preservatives are used.

For your own sake, try one pound. It will be a revelation. If your are not delighted, get your money back.

Troco costs about the same as high grade oleomargarine. Its use will save you much.

Notice: Under the law, all butter-substitutes must be branded Oleomargarine. That law was passed before Troco was invented. So the Troco package is branded "Oleomargarine" though there is no oleo in it.

BEGIN NOW

competitive test. Both your palate and your pocketbook will decide in favor of Troco. If you are not pleased, your money back.

MANY IMPORTS ARE PROHIBITED

To Save U. S. Tonnage Ban Is Placed on Many Articles Considered Unnecessary.

WAR TRADE BOARD ACTS

Prohibition On Eighty-Two Articles Expected To Add 1,500,000 Tons To Fleet To Carry Men and Munitions Abroad.

Washington, March 23.—The first list of imports to be prohibited entrance into this country in an effort to conserve tonnage for prosecuting the war has been made public by the War Trade Board under authority of President Wilson's proclamation of February 14, which put all imports under license.

By denying permits for the importation of certain metals, foodstuffs and luxuries which can be obtained here or can be sacrificed to the greater need of putting ships into

war business, the board expects to add 1,500,000 dead weight tons to the fleet carrying men and munitions to Europe.

This list of 82 articles or classes of articles, constitutes only those least essential, concerning which there was little argument. Lists to follow will touch various interests more closely and will not be issued until after consultation with the trades affected, so that there will be a minimum disorganization and loss. The experience of the Allies has been utilized in devising the system of restrictions.

In discussing the list, officials stressed the fact that it was aimed at no country, but touched all alike which exported any of these articles to America.

Some Won't Be Noticed. Some of the prohibitions scarcely will be noticed by anyone in this country, as they affect imports of which only a small percentage come from overseas.

Pyrites constitutes the largest single item on the list, contributing 207,000 to the total tonnage. Only those foodstuffs were listed which can be dispensed with and in many cases retained more advantageously in the country of origin, obviating a further drain on tonnage to transport substitutes.

Breadstuffs, except wheat and flour; all fruits, except bananas and pineapples; all nuts and all vege-

tables except lentils, beans and peas, are on the list. Luxuries which the public must forego include jewelry, art works, dice, billiard balls, poker chips, musical instruments, perfumery and feathers.
